## TO WHOM IT MAY CONCERN,

---

I am writing to express my interest in one of the open board positions for the Tri-County Rural Water District. I am a retired financial controller with over forty years of corporate and manufacturing management experience. My career includes automotive, defense, utility, oil & gas and other business sectors.

In my previous management roles, I have been responsible for various accounting functions, human resources, purchasing, training, and employee-community involvement. I have participated in employee safety, customer development, and contract negotiations.

I am expressing interest in the open board position to use my skills to help serve the members of the water district.

Thank you for considering my application.
