

**To Tri-County Rural Water District # 2 Board Members,**

**Hello, My Name is Terri Eicher. I have been a resident of Earlsboro for almost 4 years now. I built my tiny home on a quite little street just off Valley View on Trevor St.**

**I am interested in being elected as a board member and becoming more involved with Rural Water District #2**

**I bring valuable knowledge and experience gained from serving as the Office Manager for Pottawatomie County Rural Water District # 3 for the past two years. Through this role, I have developed a strong understanding of how rural water districts operate, including the administrative, financial and regulatory complexities involved.**

**I believe this experience would be an asset to the board and would allow me to contribute positively to the continued success and growth of the district.**

**Thank you for your time and consideration**

**Sincerely, Terri Eicher**
